Nad Zgornjim Jezerskim, na nadmorski višini pribl. 1250 m, izvira prav posebna mineralna voda, ki ji domačini pravijo "Jezerska slatna" ali "Ta kisva voda". Ta voda je nežno gazirana in je zelo bogata z različnimi minerali, predvsem z magnezijem ter manganovimi in amonijevimi spojinami. (apple wine made from old Slovenian apple varieties)

Dolenjska, brut nature, méthode classique

Cider (apple wine) is a low-alcohol apple beverage that carries the heritage of our ancestors. Crafted from carefully selected apples from old Slovenian orchards with tall-growing trees, this cider delights with rich aromas of ripe apples and a subtle hint of bread crust. It is the most distinctive, full-bodied, and authentic expression of the traditional Slovenian apple drink.
